PUBLIC TESTIMONY ON HEALTH AND COMMUNITY SERVICES

The individuals who spoke were either childcare providers, recipients of services, or advocates and supported childcare funding for low-income families trying to get off public assistance. They stressed that cuts would hurt childcare providers, cause people to return to welfare, or cause people who can no longer afford childcare to leave their children in unsafe situations. The time on the tape at which they started speaking is listed, along with their name and any exhibits they presented.
